**Invitation for Expression of Interest for Technology Transfer
of
Networked Smart Notice Boards**

Introduction:

A comprehensive solution has been provided that allows notices to be distributed through a server while ensuring authentication by pre-approved personnel/authorities. Further these notices are distributed through campus wide network (WIRED, LAN or WIFI) across the campus. Each of the display units (standard LCD screens) have a small low-cost embedded device that allows to filter notices meant for the screen i.e. customization so that the same can be controlled and displayed. The technology also allows integrating information on the screen from other streamed channels available on the Net.

Validation: The device has been developed in IITD lab and tested by deploying it in the IIT Delhi campus. The technology needs to be scaled up for commercial offering.

Partnership for development and dissemination:

The selected party shall be responsible for maintaining and operating the Smart Notice boards in IIT Delhi campus, which may go up to 100 screens.

Technology on offer:

Know-how of technology with technical project reports.

Eligibility criteria: The eligibility criteria are as follows:-

1. The company must be registered in operation and have to provide last 3 years' audited balance sheet. Audited balance sheet less than 3 years will be considered in case of start ups with shorter operating history.
