

Science Parks @ IIT Delhi

Planned and managed facilities with focus on research, innovation and product development where IIT Delhi, industry and government agencies aim to collaborate to create advanced technological solutions.

- ▶ Accelerate product-oriented research and development
- ▶ Avenues for IIT Delhi students and faculty interaction with industry
- ▶ Amplify technological and societal impact of research at IIT Delhi
- ▶ Enhance capability in frontier areas of science and technology to achieve global leadership
- ▶ Galvanize entrepreneurial aspirations

Institute & other service organisations desirous of joining Research Parks are requested to visit:

FITT Corporate Membership

FITT invites industry/ industry associations/ R&D organizations and financial institutions to team up with FITT as corporate members at a nominal annual subscription. A corporate member can participate in technology transfer, professional development program, joint R&D and other programs of IIT Delhi on a priority basis with FITT providing the interface. Membership form can be downloaded from our website.

Innovation / Entrepreneurship Support

Biotechnology Ignition Grant (BIG) Scheme- BIRAC - www.birac.nic.in

Entrepreneurial & Managerial Development (MSME) - www.msme.gov.in

Pfizer IIT Delhi Innovation & IP Program - <https://pidiip.fitt-iitd.in/>

NEAS by Ministry of Skill Development and Entrepreneurship (MoSDE) <https://www.msde.gov.in/>

Boeing University Innovation Leadership Development (BUILD) Program <https://fitt-iitd.in>

Faculty Innovation & Research-driven Entrepreneurship (FIRE) <https://fitt-iitd.in>

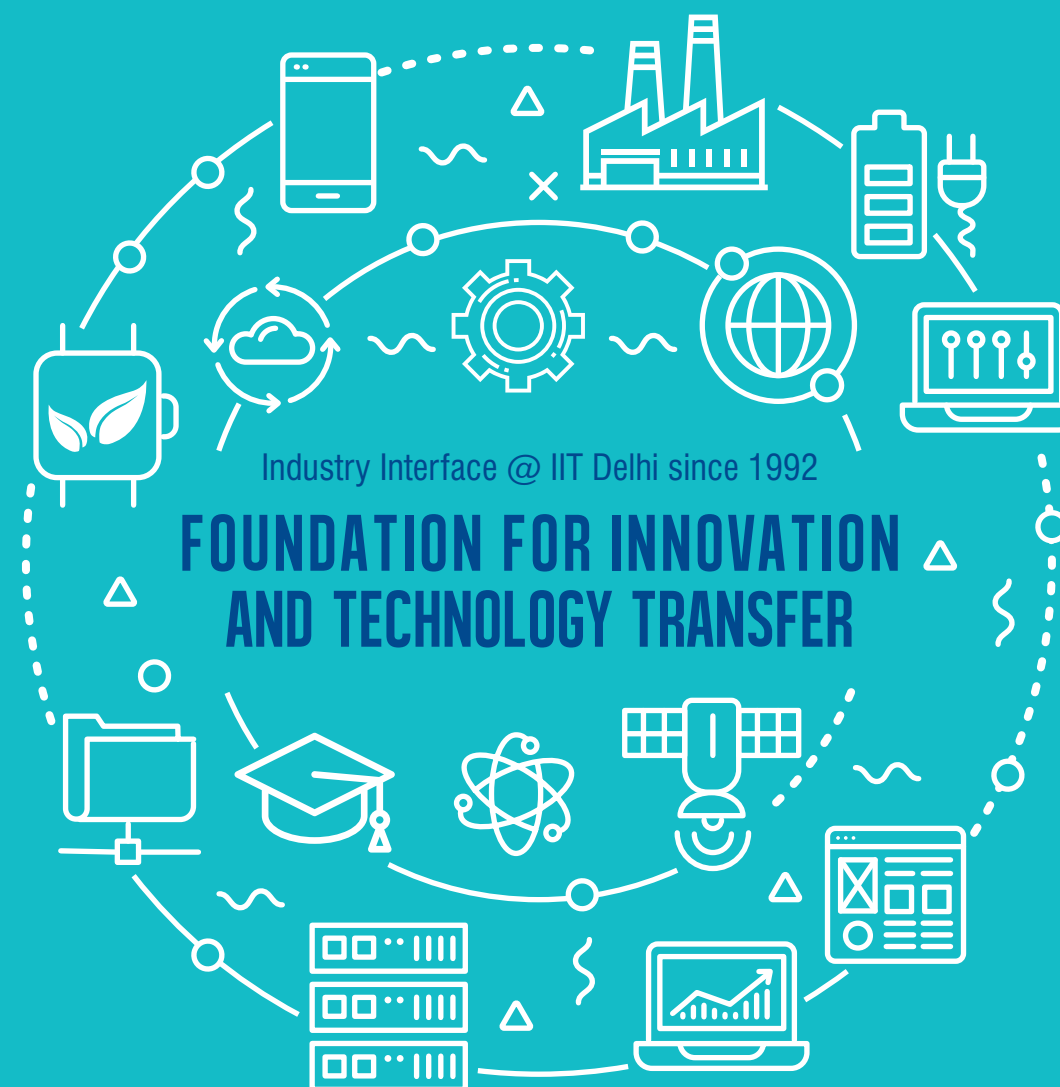

PHD Incubator Program (Platform for Harnessing Deep Technologies) <https://fitt-iitd.in>

NIDHI Seed Support System - DST - www.dst.gov.in

Seed Support to incubates (TDB)- www.tdb.gov.in

POSOCO Power System Awards (PPSA)- <https://posoco.in/>

FITT & NSRCEL Joint Mentorship Program- <https://fitt-iitd.in/>

Extending IIT Delhi's knowledge, resources and mentoring to industry / entrepreneurs / innovators / technologists....

Objectives

To proactively market the intellectual ware of IIT Delhi

To offer a flexible mechanism and a single window service to end users

To provide a facilitative environment for collaborative work

FITT is the industrial interface organisation at IIT Delhi taking innovations and discoveries from labs to the marketplace. It provides an inclusive environment to the scientific and entrepreneurial community of the institute to bridge connections with the industry by strategically evaluating, protecting and licensing technologies.

FITT is a Scientific and Industrial Research Organization (SIRO) recognised by Department of Scientific and Industrial Research (DSIR), GoI.

IIT Delhi Academic Resources

Centres

Applied Research in Electronics
Atmospheric Sciences
Biomedical Engg.
Computer Services
Educational Technology
Centre for Automotive Research and Tribology
Centre for Sensors, Instrumentation and Cyber-physical Systems Engineering
Energy Studies
National Resource Centre
Rural Development

Departments

Applied Mechanics
Biochemical Engg.
Chemical Engg.
Chemistry
Civil Engg.
Computer Science
Design
Electrical Engg.
Humanities
Management

Mathematics

Material Science & Engg.
Mechanical Engg.
Physics
Textile & Fibre Engg.

Schools

Biological Sciences
Information Tech.
Telecomm. Tech. & Mgmt.
Interdisciplinary Research
Public Policy

Centres of Excellence

Bioinformatics & Computational Biology
Biopharmaceutical Technology
Cyber Systems and Information Assurance
DST CoE in Climate Modeling
Centre of Excellence for Research on Clean Air (CERCA)
and several others

Services Offered @ FITT

End to end solutions for industry/start-ups:

Contract R&D | Consultancy | IP Licensing | Capacity Building | Entrepreneurship Support

Research / Program Partnerships

Pfizer	SRF	ONGC	TDB	MSME	POSOCO
Samsung	GAIL	BIRAC	DST	MSDE	GiZ
SAFRAN	Dr. Reddy's Labs	AWEX Belgium	DEITY	Ericsson	Mercedes Benz
Renault Nissan	TOTAL	TiE	DSIR	TCS	EPFL Switzerland
DMRC	Corning etc.				

Innovation and Technology Transfer

Managing a portfolio of over 900 patents

Over 100 technologies transferred to the industry

Entrepreneurship

Technology Business Incubators

Technology Business Incubation Unit (TBIU)- Since 2000

Provide support to innovators and start-ups
Innovations, simulation, prototyping and scale-up etc.

Biotechnology Business Incubation Facility (BBIF)- Since 2014

Provide incubation support to biotech start-ups
Provide specialized equipment, IP guidance and market assistance

Sonipat Residential Incubator (SRI) – Since 2018

Provide entrepreneurship support with residential facility
Central research facility in vicinity
