

IIT Delhi

# IITD RESEARCH & INNOVATION PARK

New Delhi

An Opportunity to Scale-up  
Technology-Led innovations

# THE RESEARCH PARK

The Research Park is planned to be a managed facility with focus on innovation and product development where IIT Delhi, entrepreneurs and government agencies interact and enable creation of advanced technological solutions.

The IITD RP shall have utility services, restaurant, ATM, convention centre, parking, security, reception and recreation.

## OBJECTIVES

- To accelerate research translation
- Provide avenues for IIT Delhi students and faculty to interact more closely with industry and bring to market technological breakthroughs through incubation
- Amplify technological and societal impact of R&D at IIT Delhi
- Galvanize entrepreneurial aspirations

## WHO CAN APPLY?

Companies/Organizations with known accomplishments in Manufacturing, R&D, Product Design & Development, Product or Process Engineering, Product qualification and production support activities, eg;

- Companies that support development of novel technologies at IIT Delhi
- Organisations with a long-term commitment to build technology competence in India through investment in people and intellectual property embryo and start-up companies growing out of R&D activities/ incubation programmes/companies founded by first generation entrepreneurs.
- The primary criteria of admission of the incubatees (innovator group or a start-up) shall be based on a valid business plan around a technology idea organisations and companies possessing synergies with the research and development programs at IITD and a commitment to strengthen these programs would be preferred. IITD's IPR policy shall be an effective instrument of guidance.

## FOCUS AREAS

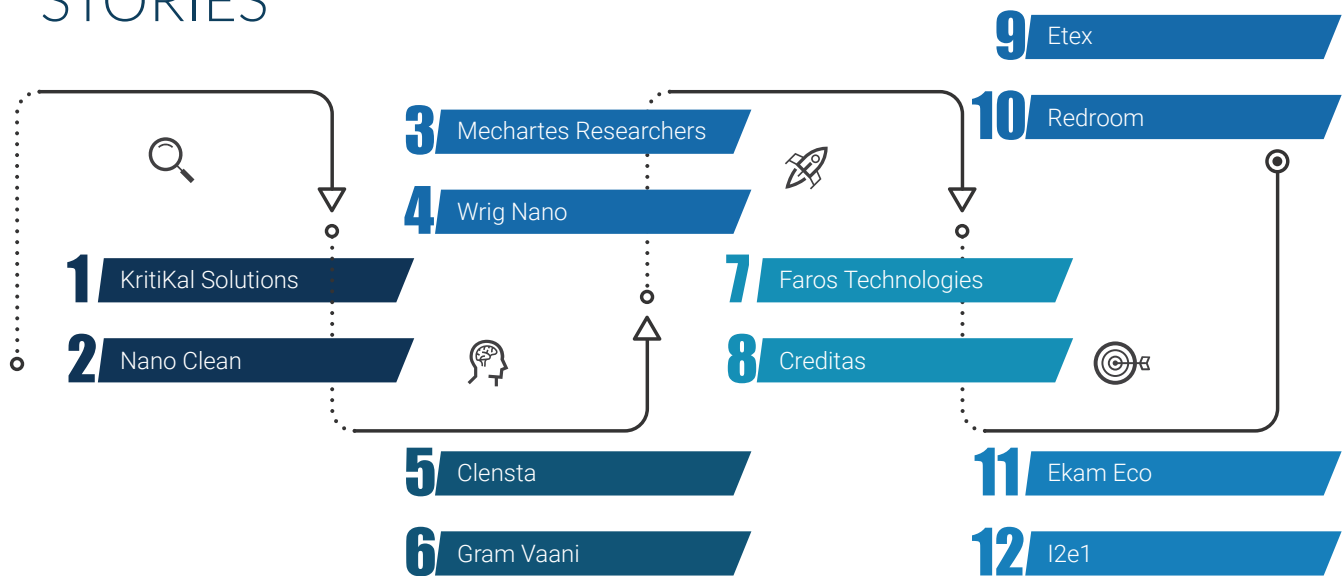

- Electronics & Communication
- Bio and Chemical Technology
- Engineering & Design
- Advanced Materials
- Instrumentation & Control
- Clean Technology

# TECHNO-ENTREPRENEURSHIP AT IIT DELHI (UNDER OPERATIONAL CONTROL OF FITT)

- Technology Business Incubation Unit (TBIU) operational since 2000. Over 100 companies incubated. About 45 successful in scale up/commercialisation.
- BioTechnology Business Incubation Facility operational since 2014.
- Sonipat Residential Incubator (SRI) at ITEC since 2018.

## A FEW SUCCESS STORIES

## ALUMNI SUPPORT AND CORPORATE CSR

Alumni are invited to participate in this development initiative of the institute. The various ways in which participation is possible, include:

- By individual contribution to a Special Purpose Fund to build the physical infrastructure in return for preferential opportunities with start-ups.
- Professional participation by leasing space to set up corporate R&D.
- Mentoring, supporting and funding either individually or through corporate and professional networks, the start-up ventures that are forecast to burgeon in these ecosystems.

As part of CSR mandate under Section 135, Schedule 7 of Companies Act 2013, corporates can fund technology incubation programme at IIT Delhi

## SPACE LEASE

- Expression of Interest (EOI) - Organisations desiring to lease space at the IITD-RP are requested to contact FITT.
- Tenure of Lease - Space allocations will initially be made for 5 to 10 years. Renewals will be based on performance review

# ONGOING SUPPORT PROGRAMS FOR ENTREPRENEURS

## IMMERSION/ IDEATION

- BIRAC Sparsh
- Batch of 1969 Innovation Awards
- Boeing Build

## TRAINING & MENTORING

- WEE Program
- Invest India WING
- Business mentoring by Alumni
- Various Workshops

## PILOT SCALE

- NIDHI SSS
- BIRAC Seed
- Investor Connects

## MARKET ENTRY

- NIDHI SSS
- BIRAC Leap
- DST Cawach For Covid-19
- Investor Connects

## INNOVATION AWARDS

- POSOCO Power Systems Awards
- National Entrepreneurship Awards

## PRODUCT DEVELOPMENT AND VALIDATIONS

- BIRAC BIG
- Pfizer-IIT Delhi Innovation and IP
- Platform for Harnessing Deep technology (PHD incubator program)
- Faculty Innovation and Research-driven Entrepreneurship (FIRE)

- Sona Comstar – Safe, clean & Smart Mobility
- MEITY TIDE – EiR and Grant
- NIDHI SSS
- EIL – EngSUI
- DIO – iDEX

## ENGAGEMENT MODEL

Space will be allocated on the basis of the commitment and depth of engagement with IIT Delhi for research, consultancy and student internship over the medium to long term
